**HARBOR, OREGON**

Dear Friend:

We are truly sorry we are unable to publish the color catalog that we had planned for this year. Until we are able to obtain sufficient trained employees with a knowledge of begonia raising and propagating we are having to discontinue most of our fibrous begonia propagation temporarily except on special order and concentrate mainly on growing and propagation of Rex Begonias and lily hybridization and growing.

We are offering the following FIBROUS BEGONIAS at close-out prices:

DOUBLE FLOWERING SEMPERFLORENS

(Everblooming Double Flowered Bedding Begonias, Wonderful Pot Plants)

GENEVA SCARLET BEAUTY--double red flowers, low, compact growth very colorful

BABY PINK--double, medium pink flowers, compact growth.

LOI--Giant double deep pink flowers twice as large as Geneva Scarlet Beauty and carried on longer stems, plant tall and very attractive in pots.

SNOWBLUSH--double white carmine center, compact low growth. Excellent pot plant.

Will take sun and colors exquisitely in full or part sun.

Sale Price per 100 plants as follows:

3" pot size \$15.00 per 100

50 plants at 100 rate.

4" pot size \$20.00 per 100

5" pot size \$25.00 per 100

While plants on hand last unsold.

RUBY JEWEL CALLA--A sensationally unique and lovely begonia with double red ball-like flowers, green and white leaves similar in growth to old Calla Begonia. The white leaves unfold like the blooms of the Calla Lily. Don't let more than 1/2 of foliage become white at any time. These are very heavy feeders and like to be kept on the dry side.

PINK JEWEL CALLA--A sport of Ruby Jewel Calla with double rose pink ball like flowers, green and white leaves, compact growth, striking pot plant. Stock is quite limited on the Pink Jewel Calla.

Plants of both are rather difficult to ship.

Have fine plants of these two varieties 10 plants \$3.50 postpaid, 25 plants

\$7.50 postpaid, shipped postpaid at your risk only. 50 plants \$12.50, 100 plants

\$25.00 shipped via express F.O.F. Harbor, Oregon.

UNUSUAL FIBROUS BEGONIAS

This collection of plants includes star begonias, tall growing varieties, and other unusual types including Coral Rubra, Coralline Lucerne, Luxurians, Dwarf Haageana, Floribunda Rosea, Sunderbruckii and other star types if you desire in this group. While plants last this collection is selling for \$25.00 per 100, 50 at 100 rate, 10 to 15 varieties in a collection. We will propagate on order.

OUTSTANDING POT PLANT VARIETIES

This collection includes many fibrous some of the double semperflorens mentioned in first list and other types. All are labelled and named varieties. While stock lasts we are selling them for \$20.00 per 100, 50 at 100 rate 10 to 15 labelled var.

Dear Friends:

We are truly sorry we are unable to publish the color catalog that we had planned for this year. #### STAR AND RHIZOMATEOUS BEGONIAS

These are the outstanding low growing house plant types that have given many years of satisfaction in the house along with a few of our new crosses. Stock is limited, though we are continuing propagation on these varieties for the time being at least. Included in this collection will be Sunderbruckii, Sunderbruckii x Verschafeltii, Carol Star, Recinifolia, Sunderbruckii x Autumn, and others. There are not as many different varieties in this collection as for the others mentioned above. \$25.00 per 100, 50 plants at 100 rate, F.O.B. 25 plants \$7.50 postpaid. While Stock Lasts only.

#### RARER FIBROUS AND FIBROUS HYBRID BEGONIAS

We have limited stock of some of our Fibrous x Tuberous crosses and some of the rarer and hard to get fibrous begonias which we are offering as long as the stock lasts as follows:

GRIFFITHI, a rather tender specie that should be in every begonia fan's collection

It is truly lovely with its green shading and red veining velvety leaves.

We are also including ORANGE RUBRA in this collection. We have a very limited stock of Ever Red, Ever White, Red Fairy, Red Glory, Pink Glory. All of these are Tuberous x Fibrous crosses with about 2" double flowers on ever green foliage everblooming when kept above 60 deg. year around.

Since stock is so limited we are listing this collection at 10 plants for \$6.00 postpaid or 25 plants \$12.50 F.O.B. Harbor, Suggest you try some of these with the other collections.

We have a NEW POT PLANT that we feel is worthy of listing beside our collections ORANGE RUBRA--Orange Flowered Angel Wing Begonia. The lovely orange flowers are a new color in the sturdy Fibrous Begonias that grow so well in the house or lathhouse. We are listing them separately as well as in the collection of Rarer Fibrous listed above. They sell for 100 plants for \$50.00, 50 plants at 100 rate, F.O.B. 25 plants \$14.50 prepaid parcel post, 10 plants \$6.00 prepaid parcel post

We also have an interesting basket plant called IVY EVER--another tuberous x fibrous cross. It has maroon purple zone in small green leaf making the leaf very outstanding even without the lovely single pink flowers about 1½" dia. Stock is limited and can be ordered in Rarer Fibrous Collection or separately 25 plants \$14.50 prepaid parcel post, 10 plants \$6.00 prepaid parcel post.

#### REX BEGONIAS

Our West Coast Customers tell us that we have the finest color in our Rex Begonias that is available on the coast anywhere. It must be true as the orders are coming in faster than we can fill them. We will guarantee the best service possible and the earliest filling of your order that stock permits, however. We expect to continue our Rex Begonia propagation even though we are cutting down on our Fibrous propagation almost entirely for the time being anyway. We had planned this list to have a color cover picturing some of the begonias available but since that is impossible for now we are giving a good color range in filling our orders and we label each variety. It takes too much space to describe the many varieties of Rexes that we have but they come in a multitude of color variations and combinations from pure silver to black with red, green, combinations, plain and spiral leaves. They include Helen Lewis,

WINKLE--The latest of our Speciosum varieties to flower. They bloom here around October 15th. In the garden they grow up to 5 feet with 35 blooms per stem most of them being open at one time, making a real bouquet from one stem. White petals with blotch of carmine in center of each petal. Exquisite flower very much admired by all who see it. \$100.00 each

TAKESIMA--Taller, easily grown Easter Lily, higher bud count, seedling form of Longiflorum Giganteum \$2.50 per 10 bulbs.

UMBELLATUM--upright bowl shaped lilies in shaded tones resembling Sunset Lily, also in orange, yellow, and red in mixture only. They bloom outside here for Decoration Day. One of the earliest flowering lily in the garden. Shorter forcing time in greenhouse than most lilies. Flowering size \$10.00 per 100, Extra large flowering size \$15.00 per 100

WILMOTTIAE--Reflexed flowers vivid orange red with dark brown spots. Grows up to 6 feet. One of sturdiest and best garden lilies lovely in bouquets. Mixed sizes some very large. These are priced to sell as we are closeing out most of this fine strain to have more room for lily hybrids. They give lots of bloom. 10 for \$2.00 \$15.00 per 100.

#### S E E D

We have a limited supply of lily seed. If interested please write for prices.

We try to grow a quantity of REX BEGONIA SEED each year from the best colored types and crosses giving bright colored rexes and spiral types. \$1.00 per packet \$1.50 per trade packet which contains about two times amount of seed the \$1.00 packet contains.

Thank you again for your orders. They are surely appreciated. Please send check with your order. This helps to cut down on the bookwork giving us more time with our hybridizing program. We wish each one of you could see the wonderful new hybrid that bloomed for the first time this summer. It is a pink Testaceum with Regale foliage and is a true Regale hybrid intermediate between its two parents. We wish it were possible for us to visit all of you but since it isn't please come to see us when you are on the Coast. We are located 4 miles south of Brookings, Oregon and 2 miles north of California-Oregon State Line on Coast Highway 101. We have NO SALESMEN on the road so please send your orders directly to us. Thanks again so much for your orders.

WILKIE--The latest of our Speciosa varieties to flower. They bloom here around October 1st. In the garden they grow up to 2 feet with 35 blooms per stem most of them being open at one time, making a real bouquet from one stem. White petals with blotch of cerise in center of each petal. Extra large flower very much admired by all who see it. \$100.00 each.

TAKESIMA--Tall, easily grown Easter Lily, higher bud count, seedling form of Longiflorum Giganteum \$2.50 per 10 bulbs.

UNBELIUM--upright bowl shaped lilies in shaded tones resembling Sunset Lily, also in orange, yellow, and red in mixture only. They bloom outside here for decoration Day. One of the earliest flowering lily in the garden. Shorter forcing time in greenhouse than most lilies. Flowering size \$10.00 per 100. Extra large flowering size \$15.00 per 100.

ALMOTIA--Relaxed flowers vivid orange red with dark brown spots. Grows up to 6 feet. One of sturdiest and best garden lilies lovely in bouquets. Mixed sizes some very large. These are priced to sell as we are closing out most of this line earlier to make room for new lilies. They give lots of bloom. 10 for \$8.00 \$15.00 per 100.
